

3rd Quarter Hackathon Rules

- 1) Create a trivia app where the questions are based on a topic related to our school. Examples include:
 - a) CV history
 - b) CV teachers
 - c) CV sports
 - d) Team 589
 - e) CV band
- 2) The app format must follow a format similar to Ellen DeGeneres' *Heads Up* app
- 3) Teams will be chosen by student team captains (not by me).
- 4) Final apps must be in the Google Play Store by midnight 3/11/18.
- 5) All team members are allowed to write code.
- 6) Each member of the winning team will earn an A for the 3rd quarter marking period.
- 7) Nominally one day per week will be dedicated to this activity. However, if there is low participation, the amount of dedicated class time will be reduced over the course of the 3rd quarter.
- 8) Each team must have an Instagram account. The account name must be the name of the team's app. There should be at least one post per week on the team's progress and/or advertisement for their app.
- 9) Any programming language may be used.
- 10) Grading rubric (equally weighted between the following):
 - a) Equal team member participation
 - b) Instagram updates (schedule)
 - c) Code
 - d) App content (chosen topic and quality of questions)
 - e) Marketability (artistic quality, playability, user happiness)
